**Director Report**

Meg Backus noted her written report was included in the Board packet. Highlights of current issues include:

Meg anticipates being out on leave until Thanksgiving time.

The NYS Historical Newspaper project is aging out of its current hardware and software. Staff are exploring options and scenarios for the projects future sustainability.

Staff met with a NEH program officer regarding Chronicling America, a database of historic newspapers representing every state in the nation. New York has virtually no content in the project because NNYLN does not participate. A meeting with the Library of Congress is scheduled for Sept 8 on technical specifications of their site and structure so we have all the information to evaluate the feasibility of pursuing participation.

NNYLN has been named a partner in an Innovation Grant for Digital Inclusion submitted by Older Adults Technology Services (OATS) that was funded (Schmidt Futures money). The project is a near-replica of our ARPA-funded Digital Inclusion project. It will extend the support for the program into 2024, bringing tens of thousands of dollars into North Country public libraries and Systems, and it would expand the program into the Southern Adirondack Library System. Meg is advocating for the project to serve as an economical model for narrowing the digital divide: with a small amount of funding, libraries can make digital skills accessible in their communities.

Do not forget to complete your anti-harassment training. NNYLN offers an online program, if your employer offers a program please send Phil documentation of completion.
The actuarial evaluation of the Network’s Other Post-Employment Benefits (OPEB) has been completed, the final report was included in the board packet. This will become part of the Auditor’s report for the 2021-2022 fiscal year. The calculations really do not work for our small organization. One employee or retiree could throw the calculations off kilter. Also, the Network’s policy of paying healthcare premiums from accrued sick leave for retirees under the age of 65 needs a fresh look, current insurance premiums are much more expensive than they were when the policy was created.

The Annual State Report has been delayed due to the software vendor being the subject of a ransomware hijack. Once the vendor has recovered from the hijack and we are able to enter data the report will be ready for Board review. The Board will need to review the completed report and approve it before a new deadline.

**Meeting Dates 2022-2023**

Board members reviewed and agreed to the proposed meeting dates for 2022-2023. Gwen Cunningham indicated she was unable to attend the December 1, 2022 meeting.
